CINCINNATI, May 10, 1560.

Mn. Sawyer: I am happy to have an opportunity to express the entire satisfaction which your excellent Furnaces have given me; they have more than met my expectations.

I have used but little more than half the fuel I supposed they might require. The heat is very pleasant and equable—the best I have ever seen in a school building.

The ventilation I satesm invaluable, both for the health am spirits of the pupils. After afteen years experience as a teacher, I must unhesitatingly pronounce it the best heating apparatus with which I am acquainted. Yery sincerelly the processing the principal Chickering's Academy, George-st.

Principal Chickering's Academy, George-st.

We, the undersigned, Trustees of Wesley Chapel, hereby certify that Mr. C. B. Sawyor has placed in our church two of his Heating and Ventitating Furnaces, and that in our judgment they have great merit as to economy of fuel, the amount of heat generated in a short time, and especially in the quality of the atmosphere secured by the rapid ventitation. We have no heatation in recommending these Furnaces to the public, as Mr. Sawyor has succeeded in heating so large a church, and almost equalizing the temperature at the coiling and floor by drawing down the coile and virtuated air and supplying the room with fresh eit.

M EDICAL NOTICE D.R. JAMES, FORMERLY OF CUSin Cincinnat, and has established an office at 76
West Fourth-street, front room, up stairs, one door
below Pike's Opera-bouse, for the cure of old
chronic, mercurial, syphilitic and private infirmities, without mercury, hindrance from business, or
exposure to friends.

The unparalleled success which has attended Dr.
James's practice in New Orleans, for the last eleven
years, and also, in the principal cities of the United
States, the many remarkable cures he has effected,
which were pronounced incurable by high medical
authority, and the encomiums of the almost entire
Southern press, should convince the most skeptical
as to Dr. J.'s abilities to treat disease.

The following are some of the diseases termod
private, of which Dr. James devotes his particular
attention, viz. Syphilis, Primary, Secondary and
Tertiary, Stricture, Urethral Discharges, Gleet, Gonorrhes, Necturnal and Deuroal Emissions, Diseases
of the Back and Loins, Rheumatism, Hydrocele,
Ulcers, &c.

Also diseases pecalier to females, such as Amonorrhee, Dymenorrhea, Metroningia, Chlorosis, Nervous Dobblity, &c., successfully treated. Dr. James
would also call the attention expecially of those who
have privately and improperly injured themselves
in that scoret and colitary habit which ruins the
body and mind, unitting them for either business
or society.

The following are some of the effects produced: DR. JAMES, FORMERLY OF CUS-

During his practice there, in connection with Dr. Don ANTORIO DE LAUSVALLUS, one of the most eminent physicians in Mexico and Spain, they discovered a remedy in one of the Mexican plants, and found only in Southern Mexico, that removes, as if by magic, all the venereal taint from the system, in the primary or secondary form. Syphilis, in the worst slage, permanently ented in a very short time, and the system thoroughly cheaned and pure, as if it had never been contaminated by that worst of all diseases, Syphilis.
